817-282-8216 OR 817-498-7703

SATURDAY Raqs Sharqi Workshops:

HOPELESS ROMANTICS RAQ (can also just be called hopeless romantic)

A softer approach to raqs sharqi in the shofusion style. In this workshop we will dive into the delicate yet strong movements that create a romantic inspired piece. We will also explore the lines, body work and expressive elements that lend themselves to the softer side.

RAQ, POP, and ROLL

A Raqs sharqi inspired Pop choreography that is fun, energetic and full of footwork, hip work, pops, shimmies and undulations. We will explore music movement that is more modern and perfect for pop and fusion style choreographies

SUNDAY Fusion Workshops:

DELIQUESCE FLOW

This workshop will focus on solid strong movements that will shift and flow into delicate intricate expressions. Using techniques and combinations to practice and implement the theories and concepts behind this style of fusion. Combining the aesthetic and flavor of shofusion we will explore continuity and connection as we go with the flow.

ADD A LITTLE FLARE

In this workshop we will focus on adding flavor and flare that enhances your expression and preferred aesthetic during performances (raqs sharqi, folkloric, or fusion) Combining techniques and unique combinations we will crank up the heat and dive head first into flavor that will add spice and unique moments to your dance. So” just gimme da light” and lets set off this flare together .
